

EMERGENCY OPERATING SCHEDULE LAKE WASHINGTON SCHOOL DISTRICT NO 414

When emergency conditions result in school schedule changes, the district will use one of the following plans.

Schools closed

Canceled: school, Extended Day program, out-of-district transportation, all activities including athletic events, parent meetings, and building/site user-group events. If conditions change during the day, special arrangements may be made for some activities.

Late start

All schools will start two hours late. Dismissals will be at regular times unless otherwise announced. When necessary, early dismissal times are announced before noon.

Canceled: Quest pull-out classes, all pre-school sessions, morning kindergarten, before school band. Out-of-district transportation will also be canceled.

Limited bus service

Bus routes will be limited. The district's transportation department sends out more information each fall about when and where your student will be picked up and dropped off when limited bus service is in effect.

Special announcement

A variation of the above plans will be announced, if necessary, due to a power failure or other conditions. Changes in school schedules can affect some or all schools in the district.

AREA RADIO, TELEVISION STATIONS AND WEB SITE INFORMATION

AM stations

**KVI 570
KCIS 630
KIRO 710*
KNWX 770*
KHHO 850
KIXI 880

Earthquake

In case of a major earthquake while students are on a school bus, drivers will receive specific instructions from the district via radio. If they are going to school, drivers will continue to pick up students on their routes and deliver them to the safety of their school. If roads limit travel, students will be transported to the nearest school. If a quake hits when buses are transporting children home from school, drivers will return to the school they came from or, if necessary, to the closest school. Children will stay at school until parents or designees arrive. Call your school for more information about its earthquake plan.
