- Other

Please list any parent education topics of interest you may have:

GEAC

Gifted Education Advisory Council
Serving the LWSD Quest Community

Why join GEAC? Join the other parents who are interested in:

- Enhancing our children's classroom experience
- Communicating with other parents, teachers and administrators
- Advocating for Highly Capable Student needs and programs

Through the generosity of our members over the last 4 years, GEAC has given over \$29,000 directly to support enhancement of the Quest classroom experience.

We are working to build dialogue amongst the community of parents, teachers and LWSD administrators. We are actively involved in local, state and national advocacy for highly capable learning. We organize parent education classes, student forums and speaker panels to provide added resources for parents and students. The LWSD Quest Community is comprised of over 800 students, and there hundreds more in AP classes at our high schools.

We need YOU to join us today!

For news and information regarding the Quest Program, please visit the new internet site <http://publicportal.lwsd.org/sites/quest>. GEAC can be found at www.lwsdgeac.org.

2008-09 Gifted Education Advisory Board

Feel free to contact a GEAC Board Member to learn more about GEAC or how you can become involved.
