

Transfer Form – Quest Program for Highly Capable Students

Students who transfer into Lake Washington School District and were enrolled in a highly capable or gifted program in their previous school may apply to Quest as a transfer student. Transfer students are not automatically enrolled in the Quest-Highly Capable program. Washington state does not mandate services to students who are “gifted.” These services are not an entitlement in Washington. Space is limited and we usually have students on waiting lists for placement. Call the Accelerated Programs office at 425-936-1238 for more information about the transfer process.
