

► Neighborhood schools

Students are guaranteed attendance at the neighborhood school in their attendance area. All of the district's neighborhood schools offer rigorous academic programs and unique opportunities for student learning. During open enrollment, the list of schools with space available that are open for in-district transfer or variance requests will be published on the district website.

► Choice schools

Choice schools are open to all students in the district. All of the district's Choice schools offer rigorous academic programs and unique opportunities for student learning. Students must apply to be considered for enrollment in the school. Each Choice school has its own application and enrollment process. These schools are small by design so there are enrollment limits. A lottery and wait list system is used to place students when applications exceed vacancies.

As part of the application and lottery process, **attendance at the Choice school's information night is required.** Interested families **must attend** a Choice school's information night to obtain an application to the school.

2012-13 Choice School Application & Registration Timeline:

January 27, 2012 - Applications due

February 3, 2012 - Choice school lottery

February 15, 2012 - Notification letters sent

February 27, 2012 - Acceptance due

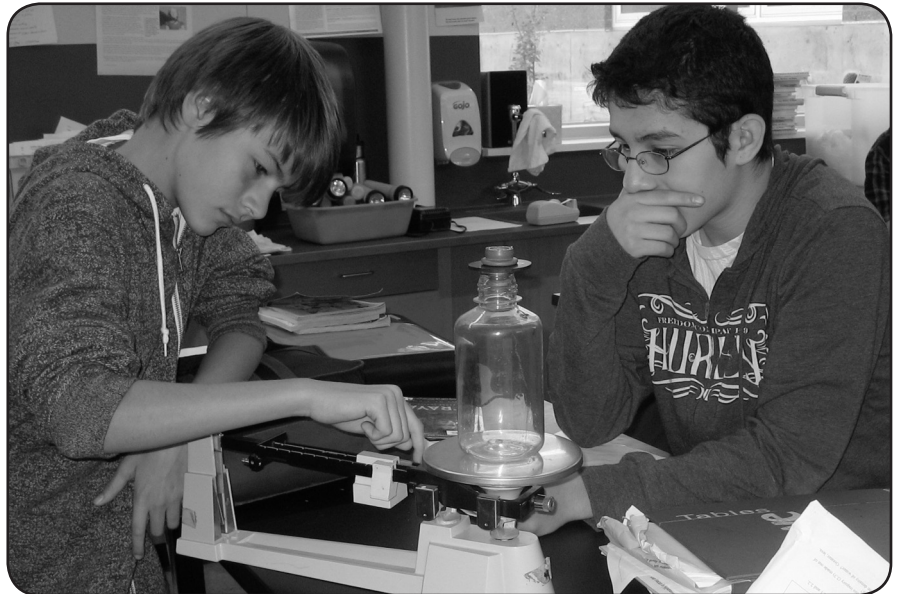

Choice School Transportation

Parents/guardians of students who attend Choice schools must arrange their own transportation. In some cases, the district offers bus transportation. Contact the Choice school you are interested in for more information about transportation or the application process.

PLANNING AHEAD

Middle Schools in LWSD

Highlighting Choice schools and neighborhood schools

As parents of fifth and sixth graders, you should be aware of the Choice schools and neighborhood schools that exist in Lake Washington School District.

While all students in Lake Washington School District are guaranteed attendance at the neighborhood school within their attendance area, families may also consider applying to one of the district's Choice schools, whose enrollments are lottery-based, or families may consider applying for a change to their neighborhood school assignment, also known as an in-district transfer or variance.

This brochure highlights the various Choice schools and neighborhood schools available to students across the district.

The grade configuration of Lake Washington schools will change next year. Beginning with the 2012-13 school year, the district's elementary schools will serve students in kindergarten through fifth grade. Junior high schools will become middle schools, serving students in sixth through eighth grade. High schools will serve students in ninth through 12th grade.

Choice Schools
