## School Emergency Schedules

With winter quickly approaching, it's a good time to review how decisions are made about school cancellations or delays and to remind people where this information can be found.

In emergency situations, such as snow and icy weather conditions, the top priority is the safety of students and staff. The district also recognizes that snow days often disrupt family schedules and mean the school year may have to be extended. So the decision to close schools is not an easy one. The process is complex and involves many people. The decision-making process is outlined on the district's website.

LWSD notifies parents using the School Messenger calling system beginning at 6 a.m. if school will be delayed or cancelled. Local media is also contacted and will report any closure/delay information. The district and school websites will also contain an emergency alert if school has been delayed or cancelled. You can also call the district's main phone number at 425-936-1200. An emergency message will be recorded on this system as well. Please don't call the school.

The flyer being sent with today's Tuesday Bulletin provides more information about school emergency closures and late starts.

Sincerely,  
*Mr. Brenner*

### Frost Start Time: 8:45

The playground is open and supervised at 8:45 each morning. Please be sure that students do not arrive before 8:45, as there is no playground supervision available before that time. Students arriving early for breakfast may arrive at 8:30 for the breakfast service, but may not be on the playground until 8:45. The first bell for class rings at 8:55.

We still have some students arriving too early, so please send your students at the appropriate time so we can provide proper supervision. Thanks.
