

International Community School PTSA 2011-2012 Matching Form

Please complete this form if your employer(s) provides matching funds.

Employer matching of parent donations and parent volunteer hours are an important part of the PTSA budget. The funds that the PTSA receives as donations and from matching all go to enhancing and enriching our students' educational experience at ICS. These enhancements and enrichments are part of a program that has led to our school being identified as a top public high school in the United States and as a Blue Ribbon School. Please take the time to complete this Matching Form and to complete any necessary paperwork with your employer if matching is available.

THANK YOU!
