

Fundraising Update

It is hard to believe that the first semester of school has been completed and are now beginning student registrations for next year. As with any school year, parents are faced with the continued requests from their student's school to participate in fundraising efforts and we thank you for your continued support.

As you know our extra curricular activities are very expensive, transporting our student athletes to games throughout the district costs our ASB \$22,000 a year which does not include the other costs associated with purchasing new equipment uniforms or other item needs to run an athletic program. This also does not cover the expenses to run our clubs, dances or other activities we have in place to support our students for after school. Therefore, we continue to rely on additional fundraising efforts to cover our costs. We do have the **Little Caesar's Frozen Pizza** fundraiser planned again this year in **March**. So keep your eyes open for further information from your students and from the various communication venues available for our Panther families. Please keep in mind that we will accept cash donations to the Kirkland Junior High ASB if you are not interested in participating in our spring fundraiser.

We are committed to providing these activities and rely on your continued support with our fundraising efforts to prevent the need to raise prices and prevent some of our students from participating in our school wide extra-curricular activities due to cost. If you have any questions about fundraising or our ASB program please do not hesitate to contact us at 425 936-2420.
