

Letter from the Principal

Dear Lakeview Parents,

Welcome to the beginning of the 2009-2010 school year! We are glad that you and your child will be a part of our community this year, and we are all looking forward to another great year together!

The staff has been getting ready for the first day of school. They have been cleaning, reviewing curriculum, planning, unpacking supplies, and organizing! Lakeview has felt much too quiet with all the staff and students on vacation. Now that summer is over, we are ready for everyone to start the new school year. The first day of school, September 1, started with our annual kick off pep assembly. At this assembly we reviewed our expectations for positive behaviors: working hard, being kind, and being – safe. You can help by discussing these expectations and our handbook with your child at home. After you have discussed this information, please sign the form included in your first day packets and return it to the teacher. This starts off our year together being on “the same page” to promote positive student behavior.

The PTSA (Parent, Teacher, and Student Association) works in close partnership with the school. Through the efforts of the parents involved in PTSA a variety of activities, events and programs are funded, organized and provided. I encourage you to become involved with this outstanding group who makes a real difference for all of the Lakeview students. You will feel enriched by participating and also will benefit by developing meaningful relationships with the other parents in our school community.

I am looking forward to seeing again those of you who are returning to Lakeview and to getting acquainted with our new students and families. Please stop by and say hello! Let me know if you have any questions or we can assist you in any way.

Sincerely,

Linda Hughes
Principal
