

LAKEVIEW ELEMENTARY SCHOOL TRAFFIC PLAN

Help us keep our students safe!

Parking is difficult and traffic congested during peak times so we highly recommend that your child walk to school or ride the bus. On the back of this sheet are the suggested walk routes.

Students should arrive no earlier than 8:45am, go to the black top area by the playground, and line up quietly with their class. Students should not go into or through the building or office area prior to the start of school or when dismissed. Since there is no supervision students should not play on the playground before or after school.

For our walkers:

We have adult and student crossing guards at:

- State Street and NE 68th Street
- NE 68th Street and 104th Avenue NE
- NE 68th Street and 6th Street South
- NE 68th Street in front of the school

For our drivers:

The bus chute on NE 68th Street is **only** for day care and school buses. If you drive your child to or from school please use the following authorized areas:

State Street Loop

- Enter off State Street
- Pull to the right curb
- Remain in line and pull forward, following the car in front of you
- Students should get out or into the car **ONLY** at the second set of steps where the signs indicate and on the curb side. A supervisor will be there to assist students.
- Re-enter the through traffic lane and exit the loop

Parking lot off NE 68th Street

We are testing this drop off/pick up area to see if it helps traffic move more smoothly. Please remember that for this to work, vehicles may not park in the “do not park” areas.

- Enter lot off NE 68th Street and follow arrows until you reach the gym
- Pull to the right curb where indicated
- Remain in line and pull forward, following the car in front of you
- Students should get out or into the car **ONLY** at the signs by the gym and on the curb side. A supervisor will be there to assist students.
- Reenter the through traffic lane and exit the lot

Please share this information with others who may pick up or drop off your child. It takes all of us working together to make this plan run smoothly. If you have any questions give us a call at the Lakeview Elementary Office, 425.822.4517. Thanks for you help in keeping our students safe!
