

GET MONEY IN THE MAIL... IT'S EASY WITH PACE!

Many of our parents have asked questions regarding the PACE program. To make sure this great program is clear for all of you, please review this summary of the most frequently asked questions.

HOW DOES THE 20% AND THE 5% WORK:

- **First** - become a member by registering at the PACE website - www.4PACE.com. The membership fee is \$25.00 and our school receives \$10.00 of that registration fee.
- **Once registered**, shop and dine at any of the participating local restaurants and retailers listed in the PACE directory. **Our school receives 5% - on every visit.** These businesses are committed to supporting our school throughout the year. We receive these funds monthly, which creates a very nice annuity for us.
- **Save 20%** - on your first visit to all PACE restaurants. Receive **Special "Member Only" savings** at PACE retailers throughout the year. Your savings will be mailed to you in a check once the value has reached \$10.00. You can check your balance directly by logging into your account using your email and password you registered with.

QUESTIONS ABOUT THE CARD I REGISTER:

- **Can I register a debit card: Yes.** However, when using your debit card, do not use your PIN – instead ask the merchant to run it as a regular VISA/MasterCard. This way your purchase will be tracked and benefit both yourself and our school.
- **Can I register multiple cards: Yes.** You can register as many cards as you like to your PACE membership.
- **Can I register my airlines reward card: Yes.** PACE co-exists with all rewards cards.

IS REGISTRATION SAFE:

- Your information is NEVER provided to a third party.
- PACE is VISA and MasterCard certified.
- PACE's website communications are secured by the same technology used by banks to protect their online banking activity.

HOW DOES THE PRIZE PROGRAM WORK:

- All students in your household earn a prize for your membership. Simply enroll each student that attends our school during your PACE registration process.
- If you are a renewing member, your student(s) will automatically be eligible for the prize BUT you do need to enroll your student(s) in the prize program. Simply login with your username and password and then find the Prize Enrollment page under "My Account".

ALREADY A MEMBER? – YOUR MEMBERSHIP WILL AUTOMATICALLY RENEW:

- Your annual PACE membership will automatically renew. You are notified 30 days prior to the renewal date that your membership will extend for another year. In that email notification you have the option to "cancel your membership" – but of course we hope you won't.
- On the renewal date, your credit card is billed. However, it might not be successful. PACE bills the credit card on file which may have expired or changed and this will cause your renewal to fail. You will receive a notification regarding this and be prompted to login to your account and update your billing information.
