

FILM PRODUCTION RULES

Theme: **"Wow!"**

Students must adhere to the general rules as well as the following Rules for Film Production.

Description

Film Production entries must be original works of fiction or nonfiction relating to the current Reflections Program theme. The entries may be with or without sound.

The student submitting the entry must be the director, screenwriter, and cameraperson. If using a computer, the student must do all of the work. If the student chooses to appear in the production, a camera on a tripod may be used. All storyboarding, editing, etc., must be done by the student.

Whether an entry uses a variety of techniques or a simple approach, it will be judged primarily on how well the student uses their artistic vision to portray the theme. A well-developed concept is more important than technique.

Categories

- **Animation:** Animation may be drawn; created from a collection of objects, clay, torn paper, etc.; or computer-generated.
- **Narrative:** A story told through the images created on film, video, or computer. (This is not the same as a storyteller narrating an original story.)
- **Documentary:** Nonfiction documentation using narration, facts, and images.
- **Experimental:** Video explores movement, light, and montage.
- **Media presentations using computers:** Computer-generated media presentations must be completely original, and the student must do all the work. Cutting and pasting is not permitted. PowerPoint presentations will not be accepted. Students must adhere to copyright laws. Software should be used only to enhance and present the work of the student.
- **PowerPoint presentations will NOT be accepted.**

Originality

Each entry must be the original work of one student only. An adult may not alter the creative integrity of a student's work. Because the program is designed to encourage and recognize each student's individual creativity, help from an adult or collaboration with other students is not allowed. Use of copyrighted material other than music is prohibited.

Plagiarism is defined as taking and using another person's ideas, writings, or inventions as one's own. Plagiarized entries will be disqualified and returned to the students.

Entry Form

All participants are required to fill out in its entirety and sign the Official Entry Form. Students who have not completely filled out the form will not be eligible to participate in the program. In situations where the child cannot fill out the entry form or write legibly, a parent may sign his or her child's name.

Students have the option of placing the titles of their works on the Official Entry Form and must answer a few questions about how they created their works (see Required Information).

Return of Artwork

The national PTA office doesn't return film/video production entries.

Judging

All national entries are judged on artistic merit, creativity, and interpretation of the theme.

Music

The title, composer, and performer of any background music must be credited and documented on the Official Entry Form.

Presentation

- Entries may not exceed five minutes.
- Submissions should be in one of the following file formats.
 - .MPG / .MPEG
 - .MOV / .QT (Quicktime Video)
 - .WMV (Windows Media Video)
- Submissions should be submitted on CD or DVD. The submission should be saved as a file on the disc, not as a DVD movie.
- The student submitting the entry is not required to appear in the video.
- Submit the CD or DVD in a plastic or cardboard container; identify both CD/DVD and container with student's name, grade division, state, and year.
- Pack the CD or DVD in a large, catalog-style envelope, such as a 10 inch x 13 inch envelope.
- Secure the Official Entry Form to the outside of the envelope with masking tape.

Recommendations for quality recordings

- Use a tripod to hold the camera still.
- Make sure the lighting is adequate, especially if shooting indoors.
- Think about sound. Use an extra microphone (boom mike) if needed. Turn off noise-making devices in the room (air conditioners, fans, phones, etc.)

On the Official Entry Form, please answer the following:

- Who appears in your video?
- Was a computer used? If so, name the software and hardware.
- Was any background music used? If so, credit the music.
