

...Because Nice Matters!

The Einstein Library is a great place to be. When your child comes to the library they will have access to thousands of books as well as the world of information beyond our library walls. It is my job to facilitate access to that information. The benefit to having so many resources is only realized if the students know how to find and evaluate the information they need.

Each class comes to the library once per week. I will introduce them to genre, internet resources, online card catalog, data bases, library systems and technology tools. I will challenge them to be responsible with their choices, take risks and carry over what they learn here to their lives. Above all, it is important to me that they enjoy the library and are eager to come each week. I know I look forward to working with each of the students at Einstein.
