

Parents who drive children to school!!

Please allow a little extra time if you are choosing to drive your child to school since the traffic can be heavy in the parking lot and on 208th. Dickinson Elementary has asked that you do not drive into the Dickinson drive way and stop at the crosswalk to let your child off at the steps near the north end of the Evergreen Jr. High campus and then circle through their parking lot. This is causing difficulties for parents and staff whose destination is actually the Dickinson campus.

Also, please remember that you are asked to not drive into the bus lanes at Evergreen Jr. between 7:20 – 8:10 a.m. This is a high volume time for district transportation, students who walk/bicycle, and also parent “drop offs” causing a high safety concern when parents continue to drive into this area. Please use the lower lots. Please also have your child ready to exit the car with the backpack, sports equipment, musical instrument, etc....it makes it much more pleasant for everyone when the “drop offs” occur quickly!! Thank you.
