Curricula

ICS has distinguished itself through an intensive sequential six-year study. Core classes, Art, Humanities, and International Studies, are interwoven throughout the curriculum yearly and developed to offer students integrated, thematic learning communities. Each part of the curricula builds upon mastery of previous teaching and each year students bring a strong foundation with them to their new studies. ICS promotes mastery through an intellectually dynamic learning environment where high achievement flourishes. The climate at ICS is one of high academic and behavior standards for all students. Round table discussions and project-based work cultivate a challenging and mindful education. *ICS maintains three goals: educating students by involving them in rigorous and integrated curricula; challenging students to become active participants in their education; empowering students to push the limits of their education by personalizing the internal structure of the school and the learning process.*

- Electives are available to students beginning in levels 4 and 5 (10th and 11th grades).
- Humanities and International Studies courses are required from level 1 (7th grade) — level 6 (12th grade).
- Students take a minimum of Spanish through level 4 (10th grade).
- Students take a minimum of two years of high school Math.
- Students are required to take one year of each Science: Biology, Physics, Chemistry, Earth Science
- Art is required through level 5 (11th grade).
- Beginning in level 4 (10th grade) all classes are Honors or AP.

ICS operates on the quarter and semester system and all classes meet a minimum of four times per week.
