

Dear Keller Families,

Welcome back to the 2011-2012 school year. There are some important changes happening on our campus. If you have had a chance to drive by our school, you can see that construction for our new building is well under way. With construction we have had to make some changes to how our students line up in the morning and where they will play at recess. Below is our plan for lining up and recess:

- Kindergarten students will line up under the covered area outside their classrooms. First- through third-grade students will line up by the outside doors of their classrooms on the south side of our building. Fourth through sixth grades will line up where they have in the past.
- Recess – Kindergarten and first grade will have recess on the south side of our building in the fenced off play area. Second through sixth grades will have recess on the blacktop area near the gym. While space will be limited, students will be well supervised.

Dropping off and picking up students before and after school will also be a challenge with construction going on all school year. I would encourage parents and students to walk to school if possible to limit the amount of cars in our parking lot. If you plan to walk to school, please use the sidewalks and marked crossings for your safety. If you plan to drive, remember that leaving the parking will be a **right turn only!** I know that we will all be inconvenienced during construction so I ask for your patience and cooperation.

There is an updated staff list on our school web page. Please take the time to review it and note some changes from last year. As we start this school year, I want to say that I look forward to a challenging and exciting year for all of us. Please remember to check our school website for news and important information about upcoming events.

Thank you,

Tim Stonich
Principal
