

John Muir Elementary

Computer Code of Conduct

Lake Washington School District

1. Students must have parent permission to use computers at school.
2. Students must have permission from a teacher or Instructional Assistant before using the computer.
3. 4th, 5th, and 6th grade students must protect their username and password. Do not use others' logon.
4. Students may only use Internet Sites found on the John Muir Website, the Library Website, or a website a teacher gives for an assignment. Only the John Muir Website and the Library Websites may be used during free time.
5. Only Library Splash Page Internet search engines may be used for teacher assigned work. Search engines may not be used during free time.
6. Do not delete or add software to school computers or change any computer settings.
7. Respect and take care of computers. Log-off and get keyboards, mice, and headphones ready for the next person.
8. Any violation of the Computer Code of Conduct will result in disciplinary action. This may range from short term loss of computer access up to suspension from school.
