

Student: _____ Date: _____

PARENT PARTNERSHIP CONTRACT

A student experiences increased success at Northstar when the parents and staff have clear expectations of him/her. You as the parent play a vital role in helping your son or daughter achieve this success. To this end we ask that parents commit to a plan to assist their son or daughter in the up-coming year. Please answer the following questions and bring it to your son/daughters conference.

1. What particular time is set aside **every day** for studies? What happens during this time if your child has "no homework"?

2. What arrangements have you made each day to check on your child's assignment sheet and for your child to share with you the completed homework? (re: the quality of that work and/or concerns about how to complete it).

3. When the progress reports come home (3-4 times **each semester**), how do you review them with your child? What happens if there is missing work?

4. Sometimes your child will have a project due several days or weeks in the future. How do you help your child budget the time necessary for a successful completion of that project?

5. If you have concerns, e.g. your child seems to never have homework, or seems to be distraught with a teacher or another student, what are some good ways to resolve the issue(s)?

My family will implement the above action plan to contribute to my son/daughter's success in the up-coming year.

Date: _____ Signature of Parent(s) _____
