Communication Between Parents and RHS Faculty

Operating Principles:

- Treat each other with respect.
- Speak truthfully and professionally.
- Demonstrate personal integrity and dignity.
- Focus on issues, not people.
- Keep conversations private.
- Go to the source.
- Seek to understand.

Resolving Conflict

We go directly to the source to discuss an issue: If a student has an issue with a teacher, the student discusses the problem with the teacher. If there is a need to further the discussion, the student will ask a parent or advisor to contact the teacher.

We attempt to solve the problem at one level before moving to another. If the parent and/or teacher feel that they are not resolving the issue, they may proceed to the next level, the student's administrator.

Talk in person and in private. Phone calls are one way of communicating. All teachers have voicemail and will return calls within 72 hours. If a teacher has provided his/her home phone, please make calls prior to 7:00 pm. Some teachers prefer email as a communication tool. Teachers will make every effort to return emails within 72 hours.

Staffings

What are they? A staffing is a meeting of teachers, parents, advisor, and student. Other attendees may include administrators, counselors, and IEP provider, especially when they are the ones facilitating the staffing.

Why do they occur? Parents are concerned about the student's grades, behavior, or other issues. Teachers are concerned about the student and want to help him/her fulfill his/her potential.

What do they accomplish? The parties involved have a chance to share information that will help the student succeed.

How does a parent ask for a staffing? A parent needs to contact either the advisor or counselor to set up a staffing.

When are they scheduled? They are scheduled as soon as possible while accommodating all persons involved. If parents cannot make an appointment, they need to make other arrangements. In order to determine if a staffing is needed, the student and parent should develop questions to be answered prior to scheduling a staffing and return these questions to the advisor. The advisor or person facilitating the staffing will contact the parent with the time and date of the staffing.

ATTENDANCE POLICY

Absences

Attendance will be taken daily in each class. Teachers are responsible for taking accurate attendance. **An absence is missing a class altogether, or arriving more than ten minutes late to class.**

- If a student arrives more than ten minutes late to any class the student must check in through the attendance office.
- If a student needs to leave campus during the school day, **the student must check out through the attendance office before leaving the school grounds.** Phone approval from the parent (preferably before the school day begins) is required before the student is issued a pass to leave. Students who leave school without signing out through the attendance office will be subject to disciplinary action.

Deleted:

For unexcused absences and for every three tardies in any class, the student will be referred to an administrator for disciplinary action. Both excused and unexcused absences are taken into account when determining eligibility to earn credit in a class. **There is a nine (9) absence limit in order to remain eligible. Prearranged absences also count in the total absence count.** School-related absences (such as field trips) do not count toward the 9 absences limit students are held to.

Definition of Absence

<u>Examples of Excused Absences</u>	<u>Examples of Unexcused Absences</u>
* Illness or medical emergency (in certain instances, a doctor's note may be required to verify the absence)	Oversleeping
Religious Observance	Traffic problems
Family Emergencies	Missing the bus
Pre-arranged medical and dental appointments	Staying home to do homework
Counseling appointments	Job training or work related absences
School related field trips (special school programs, pre-arranged community service activities, or school activities)	Student providing childcare for younger siblings
College visits	Taking driver's test
Required court proceedings	Shopping for prom dress
* Family vacations (only if Pre-Arranged Absence policy is followed. See page 17 for details)	Taking pet to veterinarian
*Other Pre-Arranged Absences (only if Pre-Arranged Absence Policy is followed)	Staying home to visit with out-of -own guests

ATTENDANCE PROCEDURES

Responsibility for Attendance

1. Students and parents are responsible for school attendance. The parent or legal guardian of any student who is absent from class is requested to leave a phone message with the school Attendance Office at (425) 498-7140 *within 24 hours* of the absence to explain the circumstances of the absence. If the parent is aware of an impending absence, please call to notify the school in advance. If not, the absence will be documented as unexcused.

* Using the Definition of Absence chart and professional judgment, the school will determine whether an absence is excused or unexcused. The parent will be responsible for explaining the circumstances of the absences, but NOT for determining whether the absence was excused or unexcused.

2. Students with excused absences are allowed to receive credit for make-up work. Students absent from class without permission (i.e., unexcused or truant) may be required to complete make-up work in order to remain current in the class, but may not receive credit for that work or any other assignments done in that class or due in class that day.

3. Students are strongly encouraged to attend classes as scheduled. Disciplinary action may be taken for unexcused absences in an effort to correct attendance problems.

4. *Unexcused Absences (truancy) and the Becca Bill: Under RCW 28A.225, the Compulsory Attendance Law or Becca Bill, parents are responsible for their child's full-time attendance. If it is determined that a student is truant as set forth herein, the parent/guardian will be notified by phone or by mail of the unexcused absence. If the truant behavior continues, a conference will be set to help reduce the student's unexcused absences. If unexcused absences accumulate to seven (7) unexcused absences within any 30 day period, or ten (10) unexcused absences during the school year, the student will be prosecuted for truancy at the King County Superior Court. An absence under this provision is when the student is truant for the majority of his or her class schedule*

Prearranged Absence or Family Vacation Policy

We recognize there are many reasons why a family may choose to take their student out of school on a vacation; however, students cannot maximize their educational experience when they are absent. A significant amount of teaching and learning takes place during class time and cannot be duplicated at home. Family vacations must be prearranged in order to be considered excused. The Prearranged Arranged Absence form must be completed and turned in 5 schools days prior to the absence. Failure to follow the procedure will result in the absence being reported as unexcused.

Students Arriving to School after the Start of the School Day or Leaving Campus Early During the School Day

*If a student arrives on campus after 7:40, the student must check in through the attendance office. If a student needs to leave campus during the school day, **the student must check out through the attendance office before leaving the school grounds.** Phone approval*

from the parent (preferably before the school day begins) is required before the student is issued a pass to leave. Students who leave school without signing out through the attendance office will be subject to disciplinary action.

Family Vacation Policy

We recognize there are many reasons why a family may choose to take their student out of school on a vacation; however, students cannot maximize their educational experience when they are absent. A significant amount of teaching and learning takes place during class time and cannot be duplicated at home. Family vacations must be prearranged in order to be considered excused. The Prearranged Arranged Absence form must be completed and turned in 5 schools days prior to the absence. Failure to follow the procedure will result in the absence being reported as unexcused.

Discipline Consequences for Excessive Absences

Absences (Per Class, Per Semester)	Consequence
Four (4) excused and/or unexcused absences per semester in a class	A letter will be mailed home to notify the parent or guardian
Seven (7) excused and/or unexcused absences per semester in a class	Administrator will confer with the student and make direct contact (phone or conference) with the parent or guardian. The administrator will also place the student on an attendance contract. A copy of the contract will be mailed home.
Ten (10) excused and/or unexcused absences per semester in a class	Administrator will issue a loss of credit notice to the student and contact the parent or guardian.

Discipline Consequences for Unexcused Absences

Unexcused Absences (In any class, irrespective of class period missed, per semester)	Consequence
1 st Offense	Administrative Designee will meet with student to explain consequences for further unexcused absences.
2 nd & 3 rd Offense	Administrator will assign detention. For 3 rd unexcused absence, administrator will notify student that the next unexcused absence will result in a parent meeting.
4 th Offense	Administrator will hold a parent meeting and notify student and parents that subsequent unexcused absences will result in suspension from school at a progressive rate
5+	Suspension from school at a progressive rate

LOSS OF CREDIT

Students will be issued a Loss of Credit Notice after exceeding the nine absence limit in a class per semester. After receiving the Loss of Credit Notice, if extenuating circumstances exist, the student may choose to appeal his/her loss of credit to the Attendance Review Committee. The student will remain in the class for the duration of the semester regardless of whether or not they choose to appeal. If, in the teacher's professional judgment, the student actively works to learn, he/she will receive a "NC" grade rather than an "F" at the end of the semester. If the student chooses to appeal the loss of credit, they will participate in an appeal hearing at the end of the semester. Two important factors the committee will consider during the appeal are; whether or not the student's attendance improved since the loss of credit was issued, and whether or not the student is earning a passing grade in the class.

Appeal Procedure

All students who wish to appeal loss of credit must appeal to the Attendance Review Committee by following these steps:

1. Schedule an appointment with the Attendance Review Committee in the Attendance Office within five school days after receiving notification of loss of credit.
2. Appear before the Attendance Review Committee at the appointed time to account for all absences and explain extenuating circumstances (10 minutes maximum time limit for presentation). Parental attendance is required.

Following the hearing:

1. The Attendance Review Committee will notify student of its decision within three school days after the hearing.
2. The decision of the Attendance Appeal Committee may be appealed to the principal.

Extenuating Circumstances:

If a student's absences have occurred as a result of an extenuating circumstance, such as serious/lengthy illness or personal crisis, the student may request reinstatement of credit without appeal by following these steps:

1. The student/parent may appeal for reinstatement of credit directly to the student's administrator through the student's counselor.
2. The administrator may either reinstate the opportunity to receive credit or refer the issue to the Attendance Review Committee for action.

TARDY POLICY

Tardiness is disruptive to the teaching/learning process and negatively affects student performance. When the bell starts to ring after the five minute passing period, all students must be in the appropriate classroom or locker room. Unexcused tardies will be subject to progressive discipline.

Tardy (Per Class, Per Semester)	Consequence
1-2	Teacher consequences
3	Referral to office. Administrator will assign detention and notify student that the next tardy will result in a parent meeting

4	Administrator will hold a parent meeting and notify student and parents that subsequent tardies will result in suspension at a progressive rate and future tardies will be converted to unexcused absences at a rate of 3:1 (3 tardies = 1 unexcused absence).
5+	Suspension at a progressive rate and every 3rd tardy will be converted to 1 unexcused absence.

BEHAVIORAL EXPECTATIONS OF STUDENTS

We believe that student development occurs best within an atmosphere of mutual respect, and therefore any behavior that undermines this respect cannot be allowed. Teachers, administrators, and staff will not tolerate any behavior that materially interferes with or is detrimental to the orderly operation of school, school-sponsored activities or any other aspect of the educational process. School jurisdiction and authority includes student conduct to and from school, at school, at bus stops, on busses, and at any school sponsored activity. Also included in the school's jurisdiction is any off-campus student speech or activity which school authorities have reason to believe will interfere with the work of the school or impinge on the rights of other students or staff at school. Such acts, including but not limited to those listed in this handbook, shall be subject to discipline, including possible suspension and/or expulsion from school, and /or referral to law enforcement authorities.

Student Rights and Responsibilities

We believe for every right there is a responsibility. This responsibility includes the freedom to exercise your rights in a manner that is not offensive to those around you. We trust students will respectfully accept and adhere to the following:

Rights

- Students have the right to a safe environment free from intimidation, sexual harassment, and assault.
- Students have the right to a productive learning environment.
- Students have the right to clean and safe classrooms, hallways and lunchrooms.
- Students have the right to safe passage to and from school and while on campus.
- Students have the right to expect staff to help solve their problems.
- Students have the right to engage in the grievance process.
- Students have the right to remain anonymous when reporting a violation of school rules.
- Students have the right to engage in respectful speech that expresses their thoughts and opinions as long as it is not disruptive to the educational environment.
- Students have the right to actively participate in a problem-solving process in order to facilitate successful closure.
- Students have the right to exercise freedom of expression as part of the instructional process. However, this freedom is subject to reasonable regulation and may not be used to disrupt the educational environment or interfere with the rights of others.

Responsibilities

- Students are responsible for their own behavior.
- Students are responsible for respecting school property and personal belongings.
- Students are responsible for attending school and all classes daily and on time.
- Students are expected to exhibit conduct which is courteous, cooperative and responsible, and which displays regard for the safety and welfare of others, including students, staff, and substitutes at school and all school related activities.
- Students are responsible for being prepared for class; i.e., bringing appropriate and necessary materials to class on a daily basis.
- Students are responsible for informing staff of behavior which may be harmful to an individual or themselves.

Progressive Discipline

The school encourages Progressive Discipline whenever reasonably possible to correct undesirable/unacceptable behavior, attendance, or attitude problems. Progressive Discipline is the process used to correct student behavioral problems and to teach the student to function in an acceptable manner.

Progressive Discipline attempts to relate the imposed disciplinary action or intervention to the severity of the offense and the number of times that offense (or accumulated offenses) has occurred. Students who violate a rule for the first time will face disciplinary action commensurate with the violation. Second violations will result in stronger disciplinary action. Repeated violations may result in severe disciplinary action or suspension. At each intervention step, the intention is to assist the student in identifying the problem, understanding what new behavior is necessary, and encouraging him/her to accept responsibility for his/her actions.

The goal of the Progressive Discipline approach in the Lake Washington School District is to encourage the students to:

- Correct inappropriate or unacceptable behavior;
- Develop better understanding of the problem and the need for behavior change;
- Accept responsibility for their actions;
- Make the necessary or desirable change in their behavior;
- Provide an opportunity to demonstrate improvements and personal growth, and;
- Plan for and make appropriate choices conducive to school success.

Discipline procedures range from conferencing with students, parents and/or guardians to suspension and expulsion. Definitions related to these different options include:

Discipline: Any form of corrective action taken other than suspension and expulsion. This may include community service (CS), restitution, assessment/counseling as appropriate.

Suspension: Denial of right of attendance for a specific amount of time; short-term suspensions (STS) are for no more than ten consecutive school days; long-term suspensions (LTS) exceed ten consecutive school days; in-house suspension (IHS) allows students to attend school, but limited to the in-house room.

Expulsion: Denial of right of attendance for an indefinite amount of time will be used only when the nature and circumstance reasonably warrant the harshness of expulsion.

Emergency Expulsion (EE): When the student's presence imposes an immediate and continuing danger to the student, other students or school personnel, or an immediate and continuing threat of substantial disruption to the educational process. An emergency

expulsion may be imposed to allow administrators to fully investigate the situation and impose any appropriate disciplinary or corrective action.

Students who create a disruption of the educational process in violation of our building standards may be excluded from a classroom for all or any portion of the school day. Students may be excluded for longer periods if they repeatedly disrupt the learning of other students. Students who repeatedly violate school policies are a concern, and the frequency with which they violate school rules is often of equal or greater concern than individual violations. Because of this, discipline is based on the cumulative effects of these acts.

While administrators normally apply the concept of progressive discipline in working with our students to bring about changes in inappropriate/unacceptable behavior, there may be situations where progressive discipline is not appropriate and prudent. In such cases, Lake Washington School District reserves the right to immediately suspend or expel where exceptional misconduct is involved (i.e., conduct that is so frequent in nature or as serious in nature in terms of the disruptive effect upon the operation of the school as to warrant an immediate suspension or expulsion). This may also apply to students who have committed serious violations or acts in the community and may pose a threat or disruption to other students at school. A suspension from school may be appealed. The student will be informed of the process at the time a suspension occurs. Parents will be notified of the suspension by mail.

Human Dignity

Recognizing and valuing that we are a diverse community, it is part of our mission to provide a positive, harmonious environment where diversity is respected and encouraged. A major aim of education in the Lake Washington School District is the development of a commitment to the core values of a democratic society. In accordance with that aim, the district strongly emphasizes a core value of mutual human respect for each person regardless of individual differences and /or characteristics including for example, but not necessarily limited, to race, gender, age, disability, physical condition, sexual orientation, ethnic group or religion. We expect this value to be manifested in the daily behaviors of student, staff and volunteers.

Harassment

Because all employees and students have the right to work and learn in a non-intimidating environment, harassment will not be condoned or tolerated in the district. Harassment of any employee or student on the basis of individual differences, including but not limited to, gender, religion, race, age, ethnic group, disability, physical condition, sexual orientation, or marital status is a serious violation of district and school policy.

Harassment can take many forms and can include bullying, slurs, comments, rumors, "put-downs", jokes, innuendoes, unwelcome compliments, cartoons, pranks, and/or other verbal or physical conduct relating to an individual which: (1) have the purpose or effect of creating and intimidating, hostile or offensive working or learning environment; (2) have the purpose or effect of unreasonably interfering with an individual's work performance or education; (3) have the purpose or effect of unreasonably interfering with an individual's work performance or education; or (4) otherwise unreasonably affects an individual's employment or education opportunities.

Sexual Harassment is a type of harassment that occurs when the types of verbal and physical conduct described above are sexual in nature. Conduct is gender-based when it would not occur but for the sex of the person to whom it is directed. Sexual harassment is defined as verbal, visual, or physical advances made within the work and school setting

and unwelcome by the person. Sexual harassment exists when: (1) submission to the conduct is, either explicitly or implicitly, a term or condition of employment or education; or (2) submission to or rejection of the conduct is used as the basis of an employment or school-related decision affecting such individual; or (3) the conduct unreasonably interferes with the individual's job or educational performance or creates an environment that is intimidating, hostile or offensive.

Harassing conduct includes: repeated offensive sexual flirtations, advances or propositions, continued or repeated verbal abuse of a sexual nature, graphic or degrading verbal comments about an individual or about his/her appearance, the display of sexually suggestive objects or pictures, or any offensive or abusive physical contact. Harassment, including sexual harassment, does not refer to casual conversations or compliments of a socially acceptable nature. It refers to behavior related to the above definitions which is not welcome, is personally offensive and which interferes with efficacy or creates uneasiness.

False reports. It is a violation of this policy to knowingly report false allegations of harassment. Persons found to knowingly report false allegations would be subject appropriate discipline.

Investigative process. Any complaint received will be promptly investigated and the district will take prompt corrective action where appropriate. A written report of the complaint and investigation results will be compiled. Results of the investigation will be communicated in writing to the complainant and the accused within thirty days. Appropriate corrective measures will be taken no more than thirty days from the written response. This policy and related procedures and administrative guidelines will be posted and disseminated in each work site and reviewed with employees and students on an annual basis.

Alcohol, Drug and Tobacco Free School

According to the Drug-Free Schools and Communities Act, schools must be totally free of unlawful drugs and/or alcohol. No one is allowed to possess, use, or distribute tobacco, drugs, or alcohol while at school or while taking part in any school activities.

Dangerous Weapons

Possessing, using, transferring, or transporting any object that could reasonably be considered a firearm or dangerous weapon or possessing any exploding item, device or substance that would be capable of producing bodily harm or cause damage to property or disruption of the educational process is strictly prohibited. Violation of this rule is considered serious to the safety and welfare of both the student who violates it and others in the district and is such a disruption to the educational process that emergency expulsion will always be immediately enacted. By law, we are required to notify the local law enforcement agency of a violation of this rule. Also by law, in the case of possession of a firearm, we are required to expel the student. The duration of the expulsion will be at least one school year and may be permanent.

Student Searches

Administrators may make general searches of all student lockers, desks, storage areas, or automobiles parked on campus without prior notice given to students. An individual student, his/her property, and automobiles parked on campus may be searched by school district employees, if the search is reasonably related to the discovery of contraband or other evidence of a student's violation of the law or school rules.

Illegal items or other possessions reasonably determined to be a threat to the safety or security of others shall be seized by school authorities. Items which are used to disrupt or

interfere with the educational process may be temporarily removed from students' possession.

Drug-Scenting Dogs

The purpose behind inspections by dogs is to discourage students from bringing, keeping, and/or using drugs on school grounds. RCW 28A.600.210 states: "The legislature finds that illegal drug activity and weapons in schools threaten the safety and welfare of our school children and pose a severe threat to the state educational system. School officials need to protect students from exposure to illegal drugs, weapons, and contraband. Searches of school-issued lockers and the contents of those lockers is a reasonable and necessary tool to protect the interests of the students of the state as a whole." With this purpose in mind, administration has the authority to invite drug-scenting dogs to conduct suspicionless searches on school property.

Exceptional Misconduct and Discipline

Any conduct, which materially and substantially interferes with the educational process, is prohibited. However, the following infractions have been judged so serious in nature and / or so serious in terms of disruptive effect upon the operation of the school, which students may be subject to an emergency expulsion and /or suspension (short term or long term) for a first time offense. Because each situation is handled individually, administrators have the discretion to use other alternative forms of discipline if they so decide. This may include restitution for property damage or loss, and /or restitution to victims if appropriate. All of the behaviors listed below in the summary chart are specifically prohibited on school grounds, on school-sponsored transportation (including authorized school bus stops), at school events off school grounds, or off-campus, if disruptive effects result at school. Law enforcement may be informed.

Students are eligible for any athletic program as soon as they have:

- Paid for an ASB card and the LWSD sports participation fee;
- Obtained parental/guardian permission to participate;
- Obtained a physical clearance once each school year;
- Shown proof of insurance (school insurance is available in the office); and
- Passed all classes (minimum of four .5 credit hour classes) during the previous semester with a 2.0 minimum G.P.A.

Sports Participation Fees

1. For the 2009-10 school year, LWSD has established high school sports fees at \$275.00 per player per season (\$500 individual cap, \$1500 family cap). Please see the athletic secretary for further information regarding sports participation fees. Fees must be paid at the time of turnout. Parents of students who are unable to afford the fee should contact the coach or athletic director at their school. Requests for refunds of sports fees must be made by the end of the season.

Athletic/Activities Code of Conduct

As members of a high school team or WIAA sponsored activity that represents LWSD, students are expected to make a strong personal commitment to the rules of training and conduct in order to maintain a strong healthy body and represent their school in an exemplary fashion. To that end, the following rules apply to all students participating in interscholastic athletic/activities or attending a team-related activity like, out of season camps or tournaments. These rules apply at all time throughout the school year which is defined as beginning with fall tryouts to the last day of school and including any summer team related activities.

Training Rules/Illegal Controlled Substances & Alcohol

Legend drugs and controlled substances – Penalties for the possession, use, or sale of legend drugs (drugs obtained through prescription, RCW 69.41.020-050) and controlled substances (RCW 69.50) shall be as follows:

- 1st Violation – A participant in possession and/or use of a controlled substance, and/or “legend drugs” including anabolic steroids or alcoholic beverages shall be immediately ineligible for interscholastic competition in the current interscholastic sports program for the remainder of the season. This also includes attending and remaining at an event where consumption of any of the above mentioned substances by a minor(s) occurs. Ineligibility shall continue into the next sports season in which the participant wishes to participate. In order to be eligible to participate in the next interscholastic sports season, the student athlete shall meet with school authorities. The school principal shall have the final authority as to the student athlete's participation in the interscholastic sports program.
- A participant who seeks and receives help for a problem with use of legend drugs (RCW 69.41.010 identified substances) or controlled substances and controlled substance analogs (RCW 69.50.101 identified substances) shall be given the opportunity for assistance through the school and/or community agencies. In no instance shall participation in a school and/or community approved assistance program excuse a student athlete from subsequent compliance with this regulation. However, successful utilization of such an opportunity or compliance with athletic code by the student athlete may allow him/her to have eligibility reinstated in the athletic program, after a minimum two week suspension from competition and pending a recommendation by the school eligibility authority. Athletes may attend practices with Principal/Athletic Director approval, but may not attend contests during the suspension period.
- 2nd Violation – A participant who again violates any provision of RCW 69.41.020 through 69.41.050 or of RCW 69.50 shall be ineligible for interscholastic competition for a period of one (1) calendar year from the date of the second violation.
- 3rd Violation – A participant who violates for the third time RCW 69.41.020-69.41050 shall be permanently ineligible for interscholastic competition.

“Legend drugs” means any drugs which are required by state law or regulation of the state board of pharmacy to be dispensed on prescription only or are restricted to use by practitioners only.

(Cigarette, chew, etc)

- First Career Violation – The possession and/or use of tobacco products will result in 1) a minimum of one week suspension from competition and 2) attending a mandatory cessation class.

If there is not ten weeks left in the current season, the suspension will carry over to the next competitive season in which they are a returning athlete. Bus Conduct Policy

Lake Washington School District's school bus conduct policy and rules are in accordance with Washington State WAC's and RCW's, all of which will be enforced. These regulations are designed to assure every student safe transportation to and from school and school-sponsored activities. All school and district rules for student conduct apply at bus stops, on the bus, and on the way to and from school. Violations will be subject to school consequences, including detention, suspension and/or expulsion. The bus driver has authority and responsibility for the behavior of passengers using school district transportation. Teachers, coaches, other certified staff members, or chaperones assigned to accompany students on buses have primary responsibility for the behavior of students in their charge. However, the bus driver shall have final authority and responsibility.

Conduct Rules

Students who commit unlawful acts or engage in delinquent behavior may be subject to disciplinary action up to and including suspension from the team. All LWSD athletes are expected to adhere to all LWSD policies as explained in each school's Student/Parent Handbook. In addition to these general rules, coaches may establish other team expectations specific to their program.

- Procedures – Implementation: Parents are encouraged to assume an active role in monitoring and enforcing the provisions of this code. Alleged violations of this code will be investigated by the coach and/or Athletic Director. Sanctions will be imposed if the evidence suggests the alleged violations did indeed occur. If a violation of one or more of these rules occurs at school or during a school event, school sanctions (including suspension from school) may also apply in addition to the provisions of this code. Any student who is disciplined for violating the rules established by this code is entitled, if he/she desires, to appeal the decision to the school's administration.

Student Attendance at School and District Events

For high school athletic events, junior high students must be accompanied by an adult. Students must show picture identification for events. All school conduct regulations remain in effect at school and district events, and apply to visitors at other schools. Students will be accountable at their home school for violations that occur at other district or league schools, or at school sponsored events.

Spectator Regulations for Athletic Contests/Events

Students are expected to demonstrate appropriate behavior at all school activities and athletic events. **School discipline policies apply at all school activities and events, regardless of the time or location.**

KingCo Guidelines

1. Noisemakers, megaphones, noise amplifiers, and confetti are not allowed in any student rooting section during an athletic contest.
2. If megaphones are used by the cheerleaders, they are to be directed at their own rooting section, not at their opponents or the playing field.
3. Vulgar, obscene or suggestive yells or signs are not permitted.
4. Spectators are to remain off the playing surface at all times.
5. No bare chests will be allowed. Students are to dress appropriately.

HEALTH ROOM/MEDICATION

District nurses are assigned to multiple schools and are not assigned to the campus. If a student feels ill during the school day, the teacher may give permission for the student to go to the office to call a parent to arrange for transportation home.

Parents should inform the school on the student emergency contact card or in writing if a student has a life threatening illness, infectious disease, or serious allergy.

The Lake Washington School District's medication policy states that the only medication to be given at school must be doctor prescribed and needed in the event of a life-threatening situation. Students may not medicate themselves. If your child is currently taking daily medication, please arrange to have your child take it before school begins. Should medication need to be administered at school, parents must have their child's physician sign the LWSD medication form (#4023); provide a separate prescription pharmacy bottle labeled by the pharmacist (handwritten labels will not be accepted); bring the pharmacy bottle with the exact amount of medication needed for the designated time period (no more

than one month at a time) to school at least two days prior to administration; and must pick up any unused medication (i.e. Epi-Pens, inhalers, etc.) by the last day of school.

CHILD FIND

Child Find is a federal requirement for the purpose of locating, evaluating, and identifying students from age birth to 21 years with a suspected disability who reside within the boundaries of the Lake Washington School District and are currently not receiving special education services. Child Find services are conducted throughout the year in the Lake Washington School District through the guidance team process. If you or your parents have concerns about your language/communication skills, motor skills, intellectual, social, emotional, and/or physical skills, please contact the school and ask for the special education teacher, school psychologist or other guidance team member. You may also call the Special Services main office at 425-702-3201 or Willows Special Services at 425-882-8170 (birth through preschool) and request Child Find information.

FAMILY RIGHTS AND PRIVACY ACT

The Lake Washington School District is required to protect families from unauthorized release of certain information about its students. However, directory information may be released without permission of parents unless parents register their objection prior to October 1.

Directory information is routinely used by the school district in news releases, school event programs, and student directories. Such information is also released for the purposes of providing educational, scholarship, vocational/occupational, and/or military information (or to the news media or law enforcement). This information will not be released for commercial purposes.

STUDENT AUTOMOBILE USE

Students are expected to drive and operate motor vehicles in a safe and responsible manner at all times when on campus. The safety of the driver and all persons in the area is of extreme importance. Students are expected to use good judgment in operating a motor vehicle and to avoid any situation that would endanger themselves or others.

Rules Regarding Student Driving, Parking, and Use of Vehicles on Campus

1. The campus speed limit is 10 m.p.h. Speed bumps are designed as cross walks for student safety – take extra caution when crossing.
2. All automobiles parked on the school grounds must be registered with the school and display a current parking permit. If a permit is lost, a duplicate must be purchased.
3. Student cars with permits must park only in spaces designated for students. All other areas of campus are off limits to student cars. Student cars parked illegally, in fire lanes, handicapped spaces and visitors' areas will be ticketed. Parking tickets should be paid to the school bookkeeper. **Illegally parked cars are subject to being towed.**
4. LWSD does not assume liability for damaged vehicles. Student cars are not to be left on the campus overnight due to potential damage.
5. Student vehicles may be subject to search if there are reasonable grounds to believe that drugs, alcohol, stolen property or other contraband might be present in that vehicle.
6. Vehicles may not be parked in a handicapped zone unless the student has a handicapped condition and a handicapped parking permit.
7. Students are responsible for notifying the school Campus Security Monitor, Mr. Jannusch, if they change cars during the school year.
8. Parking permits are non-transferable. One may not give others permission to park on campus.

9. Students may not park in Visitor/Staff parking before 3:00 p.m.
10. Students may not park in the Hartman Pool parking lot during school hours 7am to 2:30pm.
11. If a student feels there are extenuating circumstances concerning parking, see an administrator.

Career Opportunities

Post high school decisions may include the following: direct job entry, technical college, preparatory schools, college and military.

College Related Testing

Students may be interested in taking the Scholastic Assessment Test (SAT I), American College Test (ACT), SAT II (Subject Tests), AP Exams. Check websites for testing dates: Collegeboard.com and act.org.

Aptitude Testing

Recommended Courses for College Bound Students

Most four year institutions require a specific subject pattern for entrance. Students are encouraged to check with their counselor or consult *The College Handbook* or college website to determine the required courses for entrance. It is highly recommended that college-bound students elect to take as many English, math, world language, social studies and science courses as their schedule will allow.

Running Start

Running Start is a state-mandated program made available in Washington State public schools. This program is in partnership with community colleges and is available to high school students at the junior and senior level. It allows qualified students to take college courses whereby they may apply the credits toward high school graduation, and also toward potential college degrees. Students are encouraged to contact their counselor if they are interested in this program. The culminating project and Level 5 Advanced Literacies are required for Running Start students.

Honors

An honors class provides an opportunity for a student to examine a subject in more depth, both in content and analysis of subject matter. Honors classes challenge students to high levels of thinking and learning. The prerequisites are above average reading and writing scores. Sound study skills and motivation are necessary. Appropriate subject background may be required in many courses. Application for honors classes may be required.

Honors Courses

World Studies (Honors Soph. Eng. & World History), Honors Biology-Chemistry, Honors Junior English, Honors British Literature, Honors Pre-College Writing.

Advanced Placement (AP) Program

The Advanced Placement program consists of college-level courses and exams for secondary school students. Over 90 percent of the colleges that AP candidates have attended give credit for advanced placement to students whose AP examination grades are considered acceptable. An AP course is challenging, stimulating, and compared to other high school courses, often takes more time, requires more work, gives greater opportunity for individual progress and accomplishment, and goes into greater depth. AP classes are determined by student registration.

Advanced Placement (AP) Courses

AP Calculus AB, AP Calculus BC, AP Statistics, AP US History, AP American Government, AP European History, AP Psychology, AP Biology, AP Environmental Science, AP Chemistry, AP Physics, AP Spanish, AP French, AP Music Theory, AP Studio Art, AP Computer Science, AP Comp. & Literature.

Counseling Center Policies and Procedures

Student-Initiated Schedule Changes

The choices made by students during registration are considered to be final. We plan our courses and staffing for the upcoming school year based on those choices. Once each

semester has started students must remain in their scheduled classes. Schedule change requests will be allowed for the following reasons:

1. a student's schedule is incomplete
2. a senior may need a specific class for graduation
3. a student has accidentally selected a class for which she/he has not met the prerequisite
4. a teacher has recommended the student move to a different level within the same discipline (e.g. move from Spanish 3 to Spanish 2)

During the first 10 days of either first or second semester, a student may obtain a Schedule Change Request Form in the Counseling Center. Once the form is completed and returned to the Counseling Center, the change will be considered.

A request is not an automatic change. Students will be given drop/add paperwork once the change has occurred. Students must attend their classes until the process is complete. All changes will occur in the first 10 days. Any class dropped after day 10 of either semester will be with penalty (an "F" on the transcript).

Grade Replacement Policy

Coursework from any private school, agency, or community college other than Redmond High School will be noted as "transfer" on the transcript. Hence, only credits and grades earned at either Redmond High School or Lake Washington School District Summer School will replace grades earned in a previous semester(s) of work.

For example, a grade earned in History of the United States taken at RHS can ONLY be replaced by another semester of History of the United States taken at RHS or LWSD Summer School. The "better" of the two grades will be used in calculating GPA, and previous grades will be changed to NC (no credit). Always contact your school counselor for clarification.

Official Transcript Requests

It is the student's responsibility to request an official transcript from any and all institutions attended when completing the college application process.

Employment

Parents are urged to monitor their students' hours of employment, so that students have adequate time to attend school, study, and rest. Child Labor Law restrictions are supported, and RHS will not approve work permits which violate those hours and impair students' ability to progress in school. Parents and students are urged to **make school a priority**.

College Application & Admission Calendar

September and October

Most colleges and technical schools have orientations for potential incoming freshmen. These orientations can range from short tours to overnight events for both parents and students. Go online to the individual institutions and register ahead of time. Plan to attend the college fair in Seattle in the fall, as well as to sign up for college visitations here in the Career Center.

November

Continue college application process.

December and January

Attend the Financial Aid Night at Redmond High School. If you are applying for financial aid, go online to www.fafsa.ed.gov for the FAFSA application. This is a free application for federal student aid, and most, if not all, scholarships require a reference to the FAFSA. Applications for the FAFSA may be submitted after January 1st. Check with colleges to see if any additional financial aid forms are required. Complete remaining college applications.

February, March and April

Once a school has been selected, complete housing application forms. Deposits to secure a specific residence may be required. Watch for financial aid deadlines; they vary from school to school.

May and June

May 1st is the typical date that most colleges request a decision to accept or reject their offer of admission. Make contact with the school of your choice. Notify the Career Center of any scholarships that you have received. Make contact with the sponsor of any scholarship you have received to thank them and give them the address and name of the college that you will be attending.

Four Year College Guidelines College Admission - General Information

Testing

Most schools have an admission test(s) requirement. Colleges typically accept SAT as well as ACT test results. These tests are different in length and have a slightly different focus. Go online at www.collegeboard.com to sign up for the SAT, and receive detailed information; go to www.act.org to do the same for the ACT. Please note that some schools also require the SAT II, with tests in specific subject areas. Students for whom English is their second language should consider taking the TOEFL/TSE. Note that the RHS CEEB code is 480 978. Please consult the College Board for detailed information.

College Applications

Most colleges today request you apply online. However, some still prefer hard copy applications. KNOW WHAT YOUR SCHOOL REQUIRES FOR ADMISSION. Read the fine print of every school to which you are applying. Will they ONLY accept applications online? Do they require the SAT as well as the SAT II? If they require the SAT II, which subjects do they request? What is the application deadline? If you are applying for Early Action or Early Decision, what is the deadline? If you are applying for an Honors program within a school, are there different guidelines for application? Are specific essay prompts required?

Letters of Recommendation

If you are requesting a letter of recommendation, please pick up the pink "Requesting a Letter of Recommendation" form from the counseling office. Give the completed information to the counselor or teacher to assist them in writing letters. It is best to type the information. We depend upon the information you provide to write a strong letter of recommendation. Think long and hard about the qualities you would like for us to develop in your letter of recommendation. In addition, provide your counselor with a sample copy of graded work, such as an essay or lab report. Provide stamped addressed envelopes for every letter of recommendation to be sent. Allow at least 2 to 3 weeks for a teacher/counselor to write up the letter. Make certain that the writers of your reference letters know the due dates for any given institution.

Scholarships

Read the scholarship bulletin found in the Counseling or Career Center, or go online to our Redmond High School web site at www.lwsd.org/rhs for updated weekly scholarship offerings. Check out Scholarship reference books to locate appropriate scholarships. Go to the Career Center to ask about the Washington Occupational Information System (WOIS), with links to different scholarships.

NCAA

If you plan to participate in intercollegiate athletics in college or apply for a sports scholarship, you must register for the NCAA Clearinghouse at www.ncaaclearinghouse.org to be eligible.

RHS Career Center

The Redmond High School Career Center is a place for students and parents to access the many resources for exploration of colleges and careers options. Listed below are some of the services provided:

College Representative Visits

Many college admission representatives visit Redmond High School in the fall to make presentations to students and parents regarding their schools and the admission process. This is an excellent time for students to get answers to their individual questions. A schedule is published on the RHS web site, and in the Mustang Messenger. Sign up sheets are available starting in September in the Career Center.

Scholarships

The scholarship bulletin is published every 2-3 weeks throughout the year and is available on the RHS web site, in the Career Center and the Counseling office. Applications for scholarships are located in the Scholarship drawer in the Career Center or online.

WOIS – Washington Occupational Information System (www.wois.org)

WOIS is a computerized information system that provides career guidance, post secondary educational options and labor market information specific to Washington State. This program is very comprehensive and is an excellent resource. Note: WOIS is password protected; please call 425-498-7158 or e-mail sdavidson@lwsd.org to obtain the log-on information.

ASVAB – The Armed Services Vocational Aptitude Battery

This is a nationally recognized aptitude test given twice a year at our school. This test is especially useful for students who do not have a firm idea on what their plans are after high school. Students can sign up in the Career Center.

Job Board

Many Redmond businesses post part time jobs for the students on our job board. Students can access information on these jobs by coming in to the Career Center.

Community Service Opportunities

A variety of opportunities for community service is available throughout the year and are published in the bulletin and posted in the Mustang News.

Career Interest Assessments

There are both computerized and paper career assessments available to students who are looking to understand how their interests and careers intersect.

Resources

There are many college and career resources available in the Career Center. Both college/university catalogs and career books may be checked out to students and/or parents.
