

August 31st 2009

The Evergreen Healthcare Access Clinic offers free health services to families of the Lake Washington School Districts. The clinic is located in the Lake Washington Technical College Health Room, W101, 11605 132 Ave NE, Kirkland 98034.

Free childhood immunizations are provided to all students ages 4 to 19 years.

Free physical exams are available to uninsured, income eligible families, including adult and well-child exams, and sports physicals.

Appointments are required for all immunizations and health exams, and can be made by calling 425-739-8400. Spanish-speaking families can contact Lilia Villasenor at 425-899-3250 for assistance.

Our team of social workers also offers help with state health insurance applications, and other community resources. Please call 425-899-3200.

Thank you for distributing this information to interested staff and families in your schools. We look forward to assisting your students and families with their health needs.

Best Regards,

Cherie Green, R.N.
