## After School Safety:

In order to ensure the safety of all our students and staff on campus we have some basic expectations and procedures for everyone to be aware of.

- The commons closes after school. Students getting snacks and/or beverages have until 2:50 before they need to leave.
- We lock all the exterior doors to the old building at 3:00.
- Access to the fieldhouse is limited to student athletes who are under the supervision of their coaches, or other student groups who have an advisor there to support them in decorating, planning for assemblies,
- Teachers are generally available after school (unless they are in meetings), so students are welcome to make arrangements with their teachers to get help, make up work, etc.
