School Description

Located in the Finn Hill neighborhood of Kirkland, Discovery Community School shares a campus with Carl Sandburg Elementary. This community is dedicated to collaborative efforts focused on developing the whole child. Students are provided a challenging and rigorous curriculum. They are exposed to environmental and social topics that spur students to action. Every student benefits from the close-knit broader community of parents, students and staff.

Students and parents keep our grounds pesticide free, recycle and compost, and complete monthly service projects to benefit the Kirkland community. This year, Discovery Community School students received the Tier 4 King County Green Schools Award. Discovery Community School was also awarded the Washington Achievement Award in the areas of Overall Excellence and Special Recognition in Reading Growth and Math Growth.
