## School Description

Rockwell Elementary is a high performing school nestled in a thriving, international neighborhood. We have 626 students in grades K-5. We pride ourselves on providing students with the skills needed to become successful, kind, and productive members of our school and of our global community.

Rockwell has received Washington Achievement Awards for the past five years, this past year in the areas of English Language Acquisition, English Language Arts Growth, and Outstanding Achievement.

Our school community includes learners and their families from all over the world. At the time of this writing, there are 37 different languages, in addition to English, spoken by our students and their families. We reflect continuously upon the changing needs of our community and work to develop ways to support every child through ELL parent partnerships, student-led anti-bullying work, and an engaged, supportive PTA.
