School Description

Above the main entrance to Wilder is a beautiful stained glass window, which incorporates color and design with our school mission statement. As a staff, we feel our motto helps us to do our part in accomplishing both the Lake Washington School District mission and vision.

The District student profile calls on us to provide learning environments in which Connection, Value and Challenge are part of a student’s experience. For us, this means we strive to provide integrated learning experiences for students. We get to know each student on an individual basis. We strive to engage students actively in their learning in classrooms where every student knows they are safe and respected. We teach a rigorous curriculum.

PTSA enrichment programs continue to compliment the work of our teachers.

2016-17 School Goals
