

Student Accident and Health Insurance

The health and safety of our students is one of the district's foremost concerns. Even so, accidents may and do happen and the resulting medical bills can be very expensive. **Many families do not realize that school districts do not carry insurance for these student personal injury costs and cannot assume responsibility for them.** What this means is if your child gets hurt during school activities you, as the parent/guardian, are responsible for any medical bills.

As a service, we are providing this information regarding optional student accident and health insurance coverage administered by Myers-Stevens & Toohey, Inc. These low cost plans are used by many school districts across the state. Although they are not the only provider of this type of coverage, they have previously been recommended by our Washington Schools Risk Management Pool.

Filing a Claim

You will find instructions on how to file a claim and the claim form at the Myers-Stevens & Toohey website.

Please work directly with Myers-Stevens & Toohey, enrollment can now be completed on-line or by using the mail-in forms below.
