

**ASTHMA - Individual Health Plan (IHP)**

According to Washington State Law RCW (28A.210.320) the attendance of every child shall be conditioned upon the presentation before or on the child's first day of attendance a medication or treatment order addressing any life-threatening health condition that the child has that may require medical services to be performed at school. Once such an order has been presented, the child shall be allowed to attend school. Contact school if you have questions.

\*\*\* If your child requires medication(s) at school, their Physician/HCP needs to fill out and sign an Authorization to Administer Medication form. This form can be found on the district website or in the school office. Medication must be brought to school by an adult. Students may not transport medication to or from school. If a half tablet is prescribed, the parent must split the pill prior to bringing it to school. \*\*\*

Contact School Nurse through the school office if you have any questions.
