

2nd Grade | Mathematics Common Core State Standards

Operations and Algebraic Thinking

1. Represent and solve problems involving addition and subtraction.
2. Add and subtract within 20.
3. Work with equal groups of objects to gain foundations for multiplication.

Numbers and Operations in Base Ten

4. Understand place value.
5. Use place value understanding and properties of operations to add and subtract.

Measurement and Data

6. Measure and estimate length in standard units.
7. Relate addition and subtraction to length.
8. Work with time and money.
9. Represent and interpret data.

Geometry

10. Reason with shapes and their attributes.
